

Subject: Proposed 150M Road Bond Package - Public Input Meetings
Date: Tue, 6 Nov 2007 17:23:26 -0600

Dear District 2 Citizens:

The City of FW will conduct public input meetings on a proposed 150M road bond package that would be scheduled for May 2008. You should know that we have \$1B in current road needs and a \$150M road package (without a tax rate increase) will not be enough. Therefore, difficult choices will need to be made.

Here are the dates and times for the meetings (they will start at 7 pm):

Nov. 26th - RD Evans Community Center

Dec. 3rd - North FW Baptist Church

Dec. 6th - City Hall - Council Chambers

Dec. 10th - Greenbriar Community Center

Dec. 17th - Handley Meadowbrook Community Center

I will forward another email the week before the meetings start.

At these meetings, you will see which projects staff is recommending and you can weigh in on your road priorities.

Thank you for your involvement.

Respectfully,

Sal Espino
District 2 Councilmember
City of Fort Worth
